Sir:

PRELIMINARY AMENDMENT

Prior to the examination of the above application, please amend this application
as follows:

IN THE CLAIMS:

Please cancel claims 2-68, and add new claims 69-108, as follows:

69. (New) A delivery catheter, comprising:
an elongate tubular body having a proximal end and a distal end and a lumen
extending between the proximal end and the distal end;
an anchoring member mounted proximate the distal end of the tubular body; and
a steering member mounted proximate the distal end of the tubular body at a
position distal to the anchoring member.
